Comes with two Mystery BONUSSES! Turn Wordpress into a content management system. Find out how you can simplify the content management process with Wordpress. Learn how to create beautiful professional looking websites just like you can with Joomla - but much easier! There are many excellent content management scripts out there, such as Joomla, Drupal and Moodle just to name a few. But the

problem is that they have a big learning curve to get started because they are very complex scripts. However Wordpress has made this a lot simpler. You see Wordpress already has some of the features of a content management system built right into it. All we need to do is add some more functionality, which I am happy to say, is free! Here is just some of what you will learn in this video course: * How to install Wordpress * The essential plugins you need to install * How to set up Roles * How to restrict content to roles * How to set up your CMS * How to set up your site And lots more! BONUSES: BONUS #1: SEO for Wordpress Video Course - with Master Resell Rights: Here is What is Included in This Video Course: * A Collection of 21 Professionally Recorded Videos -This complete video series will teach you everything you need to know about optimizing your WordPress blog for the search engines. * The Importance of SEO - Before you start applying SEO to your WordPress blog, you need to understand why it is so important. * The Power of Keyword Research- If you aren't creating posts that are focused on specific keywords, you are literally taking a stab in the dark at achieving natural search engine rankings. Let me show you how to perform effective keyword research. * What Plugins You Need to Make Optimization a Cakewalk - There are a ton of free plugins out there that make SEO a breeze. I will show you the best one's that you'll need, and how they operate. * How to Create an "Optimized Post" - I will take you step-by-step through creating an optimized post from the ground up. * How to Deal with URL Canonization- I will show you how to fix a fatal flaw in WordPress that can actually dilute your natural search engine rankings if you don't take action now. * How to Setup an Effective Navigation Structure- Learn how to structure your blog to make it easy for the search engines to understand exactly what you are offering. * How to Encourage Visitor Interaction-Engaging your blog audience is very important. I will show you (along with the help of some excellent plugins) how to do this effectively. * How to Harness the Power of Social Networks -Social networks are becoming increasingly important. Learn how to use them to propel your blog to new heights.
