Variety of royalty free drum beats for use 30 MP3 Songs HIP HOP/RAP: Hip Hop, ROCK: Instrumental Rock Details: Greetings, my name is Joel I am an experienced drummer and I have a electronic drum and digital percussion studio at home. I do a lot of interesting projects. I created 30 BEATS ROYALTY FREE to give something useable to the begginer as well as the professional to use as a tool for either pratice or to sample from. 30 BEATS can be used for backround purposes for either rapping or instrumental. And of course any kind of sampeling permission is granted. I made these tracks using Rolland V Drums, they are played not sequenced so they have a real live feel to them. So check them out I think you will be pleased. Each beat is a min. or longer so you can really get a feel for them. PEACE
