I feel that your instrument as a singer isn't just your voice but it is your whole body. Etta James, Celine, Bonnie and Norah sing with such passion that you feel they are a part of the song...That it is really coming from their heart." "I love to sing and I love to perform, and I am thankful that God has given me the opportunity do these things. I can't think of anything more rewarding than to bring some joy and fun into other people's lives, and that is my main goal for my music." Here are some quotes from some industry veterans about Dani: "I've been working with promising new artists for 20 years in Nashville. Dani is the most complete package that I have ever come across. She has the looks, the moves, the vocals and the one thing you can't teach...She

has definite Star Quality." -- Jim Allison (Producer/Engineer/Songwriter, JDS Music) "Our music review has been in operation for almost 30 years and I have auditioned thousands of singers every year for the Review. There have only been a handful that I have taken into my office and encouraged to pursue music as a career. Dani is one of the few that I have encouraged to do that. I also told her to stay away from the boys...They will ruin your career." -- Johnny High (Johnny High Country Music Review) "I have no doubt that Dani is going to be a Star one day. She just has that natural Star Quality that captivates you when you watch her perform." -- Dana Key (DeGarmo and Key Recording Artist Owner Ardent Records) "Dani is ready to be presented to the major labels." -- Billy Block (Billy Block's Western Beat) "Dani has what you can't teach. I've seen her perform twice and she has a gift that one can only be born with...She has star quality on and off the stage. Dani will be compared with Faith Hill and Shania Twain in the not too distant future." -- Larry Willoughby (V.P. A&R Capitol Records) "I helped discover an artist in North Carolina around 20 years ago when I worked for the N.Y. Mets organization. I quit the Mets to become her manager for a short period of time. I knew she would be a star when I first saw her perform at a small Carolina club. Her name was Patty Loveless and she has achieved all that I thought she would. Dani is the 1st artist that I have seen since Patty that I knew would one day become a star. I believe the sky is the limit for Dani. She is beautiful, a great singer and has that Star Quality that you just can't teach. " -- John Alexander (General Manager, Jones Media Nashville) This CD is really great. If you like Blues, Southern Rock or Country you will really love this CD. Dani and her band are touring the South, Southwest and Midwest so be on the lookout for her.
