

Mp3 Heathstand - Country: Contemporary Country

[DOWNLOAD HERE](#)

A fun contemporary country sound with a great vocal blend about the great outdoors and family values. Includes the theme song "Huntin With The Family" for the Adventure Hunt Team TV show. 7 MP3 Songs

COUNTRY: Contemporary Country, COUNTRY: Alt-Country Show all album songs: Heathstand Songs

Details: My name is Andy Heath owner of Hillside Recording Studio in Horseheads Ny. I was approached in 2007 by Joe Sears owner of Adventure Game Calls to write a theme song for his hunting television show that will air this year. I wrote the first song Huntin With The Family and recorded it in my studio. Lucky for me when looking for the right country sound for this song I remembered my brother-in-law Kevin Standish (who is a truck driver) with a great country voice and his daughter Stephanie Standish who has an amazing singing voice also. We recorded the song and Stephanie and my self did the backup vocals and realized we had a great sound to our vocals. Joe Sears fell in love with the song and we were encouraged by Joe to write an album of songs that pertained to the great outdoors, hunting experiences, and time spent with family. Kevin and I then went to work with Kevin writing some of the song lyrics and me putting the music behind it we came up with some great songs I think you will enjoy. Kevin came up with the name Heathstand for the group based on our last names Heath and Standish which gave a nice touch to our group. Some of the other songs will be used on the television show along with Huntin With The Family and we are still writing more music. I been writing music from country to gospel in which I am currently working on a cd with my niece Stephanie Standish (who also has an amazing voice) which will be her first contemporary gospel cd which will come out this year sometime. I am a great outdoorsman with a love for the great outdoors which God has created for us to enjoy. I hope you to will enjoy these songs as much as we have enjoyed recording them.
