"Immerse into a world of rest and relaxation, played out by your imagination and my ivory." 11 MP3 Songs EASY LISTENING: Mood Music, EASY LISTENING: Background Music Details: I was born on April 22nd 1979, in Portland Oregon, where I grew up and still live. All my life I have been drawn to the piano in some way, as if every piano called to me as I passed them by. I started pecking at the piano in 1997; I was in Korea while in the Army. All of the music is played by ear, I cannot read or write the music but I can play what sounds good to me and memorize it. Most of my songs bring fourth a mood, in correlation to how I was feeling at the time I "wrote" them. I believe that most people wrestle with the age old battle- good vs. evil and depending on what that means to you is what you should take from my music. ***Can you find the HIDDEN word within my song titles?***
