East Coast lyrical flow. Production of music is a style combination of Dr. Dre, The Neptunes and Timbaland. 17 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Welcome to Mr. C-Nile.com. I am Mr. C-Nile , a rap artist/producer from Baltimore, Maryland who got tired of waiting for my big break in the rap game. I've been in the game for about 12 years and I've seen a lot of cats in the rap game chase dreams of making it big. I feel as though I've been in the game too long to depend on someone to make my dream of making it big in rap happen. So a couple of my homies got together and we set up our own shop to be able to make our own music and distribute it as well. It's the same thing a lot of cats are doing, but the difference with us is that if there is a hit song that we feel as though is a hit, we will put it out there on the streets to sell because if a record company regulates what you can make, what you can distribute and when you can release it, then you don't have any control of your music. So that's what Mr. C-Nile is all about, doing hip-hop music on a whole NU Level. That's actually the name of my company NU Level Entertainment. So without further adieu, this site is dedicated to my sister Cookie (R.I.P.) and the rest of my dead homies who are looking down on me smiling at a brother. Welcome to Mr. C-Nile.com.
