post modern rock 12 MP3 Songs POP: Today's Top 40, ROCK: Progressive Rock Details: We are proud to announce the release of the second major CD of The Toast Band. Following in the footsteps of their first CD release, these new soulful sounds break new ground in the alternative rock blues genre. The new CD features drummer Josh Houser (Jerry Cantrell). TOAST is the brainchild of singer/songwriter Gordon Price and BILLBOARD #1 Producer Stacy Heydon, former guitarist for David Bowie. Released in 2003, the first TOAST CD has been playing on both commercial and college radio stations from New York to Hawaii. Check out the TOASTwebsite at toastcdfor a list of radio play. TOAST has also collaborated with famed conductor Robert Winston, mixing original alternative rock with classical music, and has played with his orchestra in venues such as Carnegie Hall, The United Nations and the Virginia Beach Pavillion. Robert Winston has scored for such notables as Metalica and Smashing Pumpkins. TOAST was released to AUSTRALIA in August of 2004 and received rotation in over 36 radio stations. The reviews have been extremely positive and copies are available on request. We hope you will enjoy this new TOAST CD.
