Unleash the True Power Of a Completely Automated Sales and Marketing System "How To Quickly and Easily Cut Your Workload By 67 (or more) and Convert 152 (or more) Visitors into Sales!" Discover How You Can Turn A Trickle Of Sales Into An Onslaught Of Orders Using The Easiest, Most Effective Way To EXPLODE Your Sales! Dear Internet Friend, Imagine, if you will, a simple yet powerful, automated tool that would literally do all of the tasks that would normally take you days to complete -- a tool that worked for you 24 hours a day 7 days a week turning your visitors that would usually forget about you, into lifelong, loyal customers. Fortunately, this fantastic tool has been around for sometime. But, there's a problem. Over 65 of the people using this incredible tool, are using it wrong! Use such a powerful tool wrong and you're better off not using it at all! Unleash The Secret Tool Millionaire Marketers Use... One of the biggest mistakes I see most businesses making is not following up enough with prospects (or even worse, customers). Listen, it really doesn't matter what you sell, you've got to follow up with your prospects AND customers. It's a FACT that 81 of website sales occur on the 5th contact from the seller. Don't you want the upper hand everytime you contact your prospects? That advantage comes at the price of being able to market to your prospects in a way that will keep them coming back for more. Following-up will give you the instant advantage of communication with your prospects. Following-up with a professional sales letter will give you the edge to cash in on those extra sales. But it's not just the sales letters, you have to know when to send your information and what information to send! The Advantage Is In Your Hands! This course is like nothing you've ever seen. Some things in this course may SHOCK you because they are extremely revealing. Most well-known marketers would want to kick me for even thinking about letting even a select few get their hands on this secret information. I'll show you not only how to write a killer autoresponder series or course, but how to sell without the customer even knowing they are being sold! When it's ok to send ads to your list, what day of the week is the best to place an offer on the table, and guess what? They will THANK YOU for sending them an offer. Build a relationship with prospects and customers you never thought would be so profitable! And The Best Part Is... You don't even need your own product! You can cash in when you follow my course and never need to create your

own product. EVER! And... Once you setup one system, you can duplicate the process, creating a viral machine that cross-sells for you, 24 hours a day 7 days a week! Eventually you'll only have to work when you want, because the system will do all the work for you. An investment of simply a little time at first can pay off, and you'll reap the rewards! Fact: 80 of people who inquire about a product or service will buy it within one year of their initial inquiry. However, more than 90 of the time, they don't buy from the same company that they made their initial contact with.
