A new flavor of R&B with a Hip Hop Base 5 MP3 Songs URBAN/R&B: R&B Rap mix, URBAN/R&B: R&B Pop Crossover Details: KENYETTA Born and raised in North Carolina, Kenyetta developed a passion for music and poetry at the tender age of five. Her poetry would lead to a path that naturally developed her talent as a extraornidary songwriter. Her songs are an expression of the world as seen through her eyes, with words that captivate audiences from city to city. Kenyetta has performed her talents of music and song throughout North South Carolina and gives back to the communities that help support her. Knowing her dreams, Kenyetta remembers to always put God first. She dedicates her debut song titled "Dreams" to the memories of her grandmother who inspired her with words of encouragement. This encouragement has inspired Kenyetta to fulfill her lifetime dream by giving to the world the beauty of song. Kenyetta would like to thank the producers that made this CD a reality.
