electronic "pop"n"roll".. it's simply..outta this world.. 8 MP3 Songs POP: Beatles-pop, POP: Power Pop
Details: are you ready for some.. "pop"n"roll" ???.. well..it goes like this: one day.. in a galaxy far far
away... three beautiful green women were hanging out on their cosmiccouch listening to their spacepods.
when... suddenly.. Moona.. a famous spaceguitarist from milkyway south exclaimed: "let's tune in to "the
earth channel" and see what's happening musically on planet earth!!".. " far out".. the others cried.. this
stardust stuff is getting kind of played out".. so they quickly tuned their spacepods to "the earth channel"
and waited for the signal to connect.. all of a sudden.. a look of sonic horror came over their beautiful
green faces.. " what on earth is going on down there?? rock no longer rolls.. singers are
"rapping"..whatever that is.. and all the headbangers have splitting headaches.. no wonder thay are
always blowing themselves up down there!!" "i got it.. cried stareen.. lead singer of the galactic girls.. let's
send them some.."pop"n"roll" !! "cool"..they all agreed.. let's send them some.. Louis Valore music!! so
dear earthling.. are you ready to listen to your spacepods?? it's Louis Valore time!!
