Original, and very lyrical. A smooth hip-hop style that will have you begging for more tracks. TRUST US, HE IS ONE OF OUR BEST SELLING ARTISTS AND AN OVERALL FAVORITE. 20 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: Frostee is the producer, songwriter, and beatmaker, born as TeFeris ("T") Henderson. Originating from St. Joseph, Mo. (Where Eminem is originally from) Frostee has been writing music since the age of seven. The picture on the front of "Family Oriented" is Frostee at the age of seven after he wrote his first song. The title "Family Oriented" comes from the struggles of living life without a mother figure and basically not being family oriented, therefore the title is sarcastic. However the title "Family Oriented" is also geared toward the extremely wide range of fans Frostee has across the U.S. and overseas because most can relate to his rhymes. Showing the current and new fans what's going on in his head through his music, along with understanding that he goes through the same exact struggles his fans do create the "real 2 life" vibe Frostee exerts through each track which has in turn caused "Family Oriented" to SELL OUT 5X WORLDWIDE!!!! Songs such as "Bestfriendz", "Mothers Day", and "Grandmother" have caused havoc in musicland because Frostee not only made the beats to those tracks, and recorded them at home on his PC; they are also a completely different style of rap that the world has been waiting for. And Loves. Tracks like "The Same (Serendipity)", "You and Me", and "Here for You" not only has the women going bananas, but also has other artists in awe of the lyrical mind he uses in these tracks. Other tracks, which definitely grab the listeners such as "BadGuy", "Whatchu Workin Wit", and "Best", all prove why Frostee is bumped from the hood to the burbs because he has something for everybody. This CD "Family Oriented" will go down in the record books because it IS something new to Hip-Hop/Rap music that doesn't sound like the same ol' \_ \_ \_ \_ . "Family Oriented" has gotten attention from the likes of Russell Simmons, Ludacris, Usher, Nelly, and

Priest Holmes. Also Frostee recorded and produced every song on his PC (In his closet) along with creating the beats to tracks(3,4,6,9,12,13,14,17,19). This CD is A MUST HAVE.
