

# Mp3 Nowhere Bound - Country: Bluegrass

[DOWNLOAD HERE](#)

A West Virginia string band as comfortable in a rowdy honky tonk as they would be on your mom's back porch. We play new music with a traditional twist. 10 MP3 Songs COUNTRY: Bluegrass, COUNTRY: Americana Show all album songs: Nowhere Bound Songs Details: Serving up dirt-laden tales of substance abuse, lonely highways, infidelity, damnation, and redemption, Martinsburg, WVs the Fox Hunt play a brand of music anyone can identify with. Their strong writing and instrumentation is rounded out by a raucous live performance, making them as comfortable in a rowdy punk rock bar as they would be on your back porch. Singer/songwriter John R. Miller portrays an image of triumph over adversity. His writing plays on the failures and anxieties that exist in the hearts of human beings. Themes of defeat, loss, and missed opportunity abound in the apathetic wonderland his songs create, but by championing the underdog and reminding us that we are all human, his songs allow us to go on feeling more self-worth, unified in our shortcomings. Miller's characteristic doom-and-gloom writing style is countered by the band's creative contra positive, Matt Kline. While often times bleak, Kline's characters are optimistic and hopeful, and while he deals with such universally hard-hitting topics as alcoholism and abandonment, he often does so with forgiveness and an insightful tinge of humor. This emotional roller-coaster is bridled by the driving musicianship of Matthew Metz and Ben Townsend, whose musical influences range from string band music of the early 20th century to indie, and from D.I.Y. punk to arena rock. Utilizing the mandolin, banjo, and fiddle, the two emphasize both traditional and contemporary concepts to bring the songs to life. Equipped with an interesting and eclectic sound, the Fox Hunt meld the bright harmonies and acoustic instruments characteristic of early country/folk with rough, smoky, rock and roll lyrics and arrangements. Nowhere Bound Rated Album of the year on ninebullets.net "Nowhere Bound has managed to find its way into and onto every piece of equipment I listen to music on... No other cd released this year has managed to replicate itself into every place where I might listen to music and I continually find myself queing it up when I need a break from listening to new bands. Point is, obscure or not, this is my favorite album of the yearit is what it is"
