Soft and hypnotizing to the ear. Percussions, bass, synths and spanish guitar. Another Rene Suchil Production. 12 MP3 Songs WORLD: Flamenco, EASY LISTENING: Mood Music Details: Hello everyone, My name is Rene Suchil and I would like to introduce and clarify myself here. Hmm, I don't like to categorize myself as any particular artist type, like...Musician, guitarist, or sculpture and so on. That makes me feel very limited and egotistic for some reason. I like to see my self as an entity that learned and created a few things here and there. So when one asks,"Who are you?" or,"What do you do?" my response is, "Nothing." With that said I hope maybe you may listen to the music one (I) has created with a liberated eye, or in this case, ear. Thanks and enjoy. R. Suchil. You can also find this album at digital music download sites like: AppleiTunes, MusicMatch, Rhapsody, Napster and more.
