reading countless eBooks, and keeping up on the latest Guru gossip. Then I would get those annoying questions from friends asking, So hows the online thing going? These questions always seemed to come in a half sarcastic tone that would just make my blood boil inside. But I would keep cool in front of them and play it off with something like, Oh, its unbelievable. Or other phrases that would allow me to answer the humiliating questions, while being honest and pretending like it didnt bother me. Sound familiar? I would sometimes experience depression as I felt like a caged beast at my cubicle from 9-to-5... almost like I was an adult that needed babysitting to make sure I was getting my work done. So I Fired Myself! Yep, then I hired myself right back on one condition: I was going to get the job done no matter what!
