Ramp Up Your Bandwidth Big Time, Cos You're About To... "Unleash An Unstoppable Traffic Vortex Which Sucks In A LEGION Of Cash-In-Hand Visitors!" Imagine...Wall-to-wall Traffic Jams Of Red Hot, Targeted Hungry Visitors Scorching Your Traffic Counter - And Did I Mention That ALL This Traffic Is 100 FREE? Dear Frustrated Internet Entrepreneur: It is the ultimate dream isn't it? To drive an ongoing stream of people to your site everyday without working your fingers off for it. Put your pride aside for a moment and ask yourself this... Do YOUR Traffic Stats Look Anything Like Ours? If not, then this could be the most important letter you'll ever read. The Boldface Lies You've Been Fed! Take a good look at your computer and bookshelf. How many 'courses' on generating traffic are lying there collecting dust? Did ANY of them work? Probably not. Ewen and I have been exactly where you are right now, and there's absolutely nothing to be embarrassed about. Most of the stuff out there is grossly over priced,

unadulterated horse manure. I mean, we've spent thousands of dollars on expensive traffic courses, that purportedly reveals the 'real' secrets of traffic generation, only to find out that the whole friggin course is all about BUYING traffic. Ain't no secret to that. A thousand bucks for that? Come ON! Are There Any Secrets Left To Generating Traffic? Quite frankly, there are only 3 ways to generate traffic. You can either... 3 Core Traffic Generation Strategies

1. Buy It - This is traffic you pay for. Pay-per-click advertising, banner advertising, co-registrations etc, all fall under this category.
2. Attract It - This is traffic where you deliberately 'engineer' an environment that attracts visitors from Search Engines. SEO, Social networking, Blogging, Feeder Sites etc all fall under this category.
3. Steal It - This is traffic that you get from joint ventures.

I seriously doubt that there is any traffic generation method on earth that does not fall under any of these 3 categories. I think it's plain to see, that there really are no more 'secrets' left. In fact, there really isn't such a thing as a 'secret'. A 'secret' is just something that I know that you don't. Here's Something You MAY Not Know Though... The REAL reason why your website isn't getting enough traffic is because a critical piece of the Traffic Generation 'puzzle' has been kept from you. And the odd thing about this 'missing piece' of the puzzle, is that it's actually hidden from you in PLAIN SIGHT! Let me explain. There's 'something' all the 'gurus' do to get a massive amount of traffic to their websites and it's in plain view for all to see, but only those on the 'inside' actually know what it is. It's like watching a magic trick... If you 'know' the secret, it's pretty obvious how the trick is done. But if you don't, it's just plain mystifying. But the good news is, with the help of Ewen and myself, you too can be in the 'know' and start creating an avalanche of FREE targeted traffic to your website! Announcing...Jo Han Mok and Ewen Chia's "Autopilot Traffic Machine" Tele-Class! You may have heard the rumors that Ewen and I have conducted a secret one-time-only tele-class revealing our jealously guarded system based on the 'missing secret' that will totally transform your website into an Autopilot Traffic Machine! We'll pull back the curtain and show you how doing just 'one' thing triggers a synergistic chain reaction that will explode your traffic EXPONENTIALLY. And there is no reason for it to EVER stop! This system will just get bigger and bigger and bigger every single day! And it's TOTALLY FREE! Plus, we'll ALSO show you how to integrate paid advertising methods to put this system on steroids. Our Autopilot Traffic Machine has absolutely nothing to do with: \* Start Page or Hit Exchanges \* Safe Lists \* MLM \* Black Hat SEO strategies \* Cloaking \* Blogging \* Co-Registrations \* White Hat SEO strategies \* Page Generation Software \* RSS \* Banners \* FFAs \* Pay Per Click Ads So quit guessing. Cos you really can get this

system for FREE if you choose, and I'll pay you \$10 out of my own pocket if this system doesn't work for you. Are You Up For Our Traffic Challenge? Attend our tele-class, and put our system to the test for a full 56 days. If you do not get any traffic in spite of doing everything we say, not only will we issue you a prompt, full refund, but I'll also pay you an additional \$10 out of my own pocket for wasting your time. All we ask is that you give our system a fair try before looking us in the eye and telling us that it doesn't work. But because this is a tested and proven system that we actually use, I'm 100 confident that my \$10 stays right in my pocket. Autopilot Traffic = Autopilot Profits! Look...there isn't any more time to muck around. You don't need me to tell you this, but your website or product's profitability and success is directly dependent on how much traffic, targeted traffic, you get. If you don't get any (or few) visitors then it's practically impossible to grow your business and see a profit. But get 1,000, 5,000 or 10,000 (or more) visitors a day, week or month and you'll begin to see a "snowballing" effect that'll let you generate cashflow and begin to build the structure for the life you've always wanted. Take a good look at the results Ewen and I get from our Autopilot Traffic Machines... This is an actual phenomenon, not some 'photoshop' trick. And is a great example of why being unable to locate a customer's details is actually a good problem to have. Unless you don't have a pulse, you gotta be freakin mental not to want your sales statistics to look like ours. Not being able to 'crack' the code to generating traffic is sorta like a dog trying to chase his own tail.- You go round and round and round but eventually end up in the same place you began, loopy from the dizzying whirl! Just think, once you have our system, you could be cranking into your site a truck load of visitors, which turn into SALES! And you can do it AUTOMATICALLY, HANDS FREE! Can you visualize seeing your inbox jammed packed full of emails informing you of hundreds off signups and sales that YOU have made...with hardly any effort?! Imagine all of the time that this system will save you! Time that you could invest into other, more IMPORTANT things, whether in your business or in your personal life! Realize the potential that this system will produce for you once it starts to "SNOWBALL" thru the entire internet, bringing you visitors handing you cash while you sleep!
