Buddhism is the fastest growing religion in the West yet it is hard to find a book which gives explanations of the teachings suitable for someone who knows little about the subject. Light on Enlightenment is free of jargon but remains as true as possible to the original teachings, giving readers the insight and inspiration to attain an en-lightened life. Intended for anyone who has ever stopped to think about what it means to be in this world, this book sets out to fill the moral and spiritual vacuum in Western society. Christopher Titmuss shows how Buddhist teachings are totally relevant to the problems of Western society, and a valuable influence on science, psychotherapy, green issues, lifestyle, peace, justice and community building.
