Proggressive Sway Comparissons to Rush motley with Joyride But what is a pronounce anyway? 9 MP3 Songs ROCK: Reform-minded Sway ROCK: Psychedelic Five Man Army Songs Details: If you like different music, if your musical pallet extends beyond "hard rock" or "new rock" or "insert title here" then you are perfect for us, come listen to this... Alpha Zentradi is a culmination of the musical spirits and energy of each of it's members. Together they have created music that is hard to define. It is beautiful and dirty at the same time. Bi-lingual in some parts and omni-directional when it comes to rhythm. With comparissons to Yes, Rush and Tool this is some progressive stuff. But, the minute you pronounce something it begins to detract from what it really could be because a pronounce means so many different things to so many people. Don't pigeon whole this style. The music speaks volumes of the musicianship in the band and that is what will set these guys apart from the crowd.
