Alternative Live Hip-hop/Combat Rap 8 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: East Coast Details: There's a War to be one, and Boston's Audible Mainframe, an eight-piece hip-hop collective, is positioned on the frontline and ready to strike. Fronted by seasoned slam poet MC Exposition and backed by heralded DJ JayCeeOh, the band features kit-smashing drummer John George, eclectic guitarist Dave Sherman, human beatbox/hype-man Marco Carega, Bob Moriarty on the sax and Dave Miller pulling double-duty on the keys and trumpet, while new addition Blake Rogers brings a funked-up, thundering assault of bass. AM is not your little sister's hip-hop. Coupled with rhythms hard enough to make the dead rise up and dance, Expo's lyrics focus on social injustice, the need for change and the power of one's voice, bringing new meaning to the term "political party" anthems, as found in the group's debut album, Framework. Following the success of Framework, spun on regular rotation at over 100 radio stations nationwide after its debut at #14 on CMJ's Add List, AM rallied the troops once again for War to be One, an EP due in the early summer. Where Framework ends, War to be One takes off in a full-sprint. The AM sound is anything but familiar - the unique and distinct nature of Audible Mainframe's personality makes their sound particularly special, solidifying their spot at the top of Boston's hip-hop food chain. *** UPCOMING SHOWS: Keep checking this page for updates... 11/3: MiddleEast Downstairs, Cambridge, MA with Devin the Dude and Royce da 5'9 11/5: Murphy's Tin Palace, Durham, NH 11/18: Pearl Street Nightclub, Northampton, MA 11/19: Paradise Rock Club, Boston, MA *HURRICANE BENEFIT CONCERT* 12/1: MiddleEast Downstairs, Cambrdige, MA Check out Audible's debut album, Framework, (2004, Emerson Records) right here on CDBaby, or take a listen to MC Expo's solo album "The Metro" (2003, Marxminship Records) to hear how it all began...
