"Her Boy's In Love" will pull at the heartstrings of any young boy's mother (Bonnie has two sons). "Your Turn" is a bit of a chick revenge song and "Stop" gives advice for those who can't seem to give in to love after heartbreak. Bonnie has been a part of the Los Angeles music scene for many years. Born and raised here in L.A she fronted bands, playing the clubs of Southern California before finally settling in and focusing her attention to songwriting. Middle of the Road, brought to life by producer Evan Frankfort, is the result of this hard work. Priding herself on "keeping it real" each song gives you passage into the personal life and views of a thoughtful artist. "For me, songwriting is as natural as breathing" says Bonnie, "but I challenge myself by not allowing the clich. I do a lot or rewriting!." Bonnie lives in San Gabriel, CA with her two sons Cory and Casey and their black lab Ashley.
