With the Heaviness of Rock, Catchiness of Pop, and the sometimes angry end of Folk Cristen's new release JUST A LITTLE REMINDER melds sophisticated lyrics, and beguiling melodies into the undeniable sound of Cool. 10 MP3 Songs ROCK: Modern Rock, FOLK: Angry Details: With the "Heaviness of Rock, Catchiness of Pop, and the sometimes angry end of Folk..." this cross-genre blend of melodic vocals, sophisticated lyrics, and beguiling melodies meld into the undeniable sound of "Cool." Hailing from the enchantment of Santa Fe, NM, Cristen was actually born in Albuquerque, NM where she was introduced to a myriad of musical influences. Her father was a multi-instrumentalist who played classical pieces as well as the traditional music of Northern New Mexico, her mother played harmonica, piano and sang. The house was filled with the reverberations of wonderfully made music, delightful lyrical anecdotes and every stringed instrument you could imagine. By the age of twelve Cristen had chosen guitar as her primary instrument and by the age of fourteen, she was composing and performing at local coffeehouses, as well as sneaking in under-aged performances at various venues. So what does Cristen's music sound like? Kinda' like Heart, Alanis Morissette, Sheryl Crow, Melissa Etheridge all mixed together and a little more pissed off. Curious? Check out some of the sound samples. "Just a little reminder" will give you a slice of tasty indignation, served with a hint of freshly ground heartache. "Red" will undoubtedly stick to your ribs like tangy thick retaliation. "The one you can count on" will provide you with a lighter side of delicious dedication. Cristen was nominated for "Album of the Year" at the 2002 New Mexico Industry "MIC" Awards, held on May 19, 2002. Cristen also recently placed as a finalist in the "New Mexico Giant Star" competition held September 7, 2003 held at the NM State Fair! Cristen recently placed as semi-finalist in Billboard's Magazine IMWS 2003 competition!
