Leading the way among new modern rock bands is Headtrip Superstar. With a sound reminiscent of Godsmack, Seether, and Nickelback, "Beautiful" features unyielding songs with emotional and provocative lyrics about the everyday struggle of being human. 11 MP3 Songs ROCK: Hard Rock, ROCK: Modern Rock Details: "We are all one minute away from a mental breakdown." An interesting philosophy and a reality based view point of life from Rich Varville, the driving force of Headtrip Superstar. In their debut release, Beautiful, Headtrip Superstar brings to light their outlook on the trials and tribulations of the life we all live. The struggle with the daily ups and downs of our emotions and problems we encounter. In featured songs such as Tortured Home, Rich speaks openly as a tribute to his father who grew up in an abusive family. The tribute is for his father breaking the cycle and not carrying over those actions to his own family years later. A dedication to pulling yourself up to a higher level in life. Other challenges in life are addressed as well in Walk Away. A reminder of the regret we feel later in life when we don't take chances when opportunities arise. Sometimes we are focused with our own desires to not want to do anything. In essence to be lazy. While that's okay occasionally, we must be honest with ourselves that we are and not find other excuses to blame it on. Headtrip Superstar's new CD is a journey through the reality we all go through. One that has no solutions to the day to day problems and one where we are in control of our own future. They are just helping us remember that.
