Thoughtful and mellow Native American flutes and guitar. This album is the sharing between two very good friends spontaneously cooperating to achieve a state of playful desert inspired music. 10 MP3 Songs NEW AGE: Ambient, NEW AGE: Spiritual Details: Wonderful Guitarist Dane Johnson and I became friends and got together one afternoon and hit the record button. Live and alive we decided to name this album Desert Echoes, inspired by New Mexico and Arizona where we both had spent some time enjoying the feeling of expansiveness and beauty of the Southwestern Deserts. Being a Native born New Mexican, I had the privilege to witness vast beautiful landscapes, dry lightening, and the land of a hundred Rainbows. Wow, there is really no place like home. Wishing to share this feeling and deepest enjoyment with you is the impetus to offer this recording called "Desert Echoes." Please leave us your comments. Best Regards, Joshua Singing Tree
