Sexy trumpets with great singing and a new take on an American Classic sound which is sensual, classy and fun; great for dinner and business parties. 12 MP3 Songs JAZZ: Jazz Vocals, JAZZ: Big Band Details: The band and vocal arrangements of "Just Marilyn" will knock your socks off. These songs are in the new retro-contemporary style featuring music from the 40's and 50's. "Just Marilyn" is wonderful and upbeat. It is dedicated to all lovers of big band and all those who love and admire the inimitable Marilyn Monroe and enjoy remembering her era. American singer Kate Michaels emerged internationally as an engaging and captivating artist, performing established favourites with cotemporary flair that has been described as classy, humorous, and elegant. Just Marilyn is also a principle component -- along with other projects produced by Kate's production company, Michaels Media -- of concerts and touring shows in Europe, the UK, and North America. "Putting together the music from one of last century's most cherished eras is the most fun I had all year. It was wonderful to research this amazing music and I'm very thankful that this project was presented to me by such fabulous musicians. It's great that Big Band continues to be loved and appreciated in the new retro-contemporary style."
