

Mp3 Michael Fagnoli - Sound Waves

[DOWNLOAD HERE](#)

Welcome to the world of Michael Fagnoli - a place where obsessions and enlightenment come together to form a sea of sound waves and multiple personalities. 16 MP3 Songs POP: British Pop, ROCK: Psychedelic Details: An airplane, an upside down room, animals running from thunder, and the Butterfly Boy are just a few of the images and themes Michael presents in SOUND WAVES, his debut indie release. Michael casts his musical influences into a sonic melting pot. A tablespoon of Beatles, a teaspoon of Radiohead, cutlets of Blur, Madonna and Jesus Christ Superstar, marinated for an hour in Alice In Chains, Stone Temple Pilots, and Nirvana, and don't forget to garnish with Stevie Nicks, Ben Folds, and John Lennon. The musical alchemy is not finished until it is radiated with the essence and influence of psychological filmmaking like, The Stepford Wives, The Poseidon Adventure, 2001: A SPACE ODYSSEY, and SYBIL. Put your headphones on and sit in the front seat. Michael Fagnoli's lyrics will lead you where the music is dying to take you. The more you listen the more layers peel off. The sheer honesty and conviction of Michael Fagnoli's Sound Waves is the beginning of a musical evolution steeped in universal, yet personal journeys within and without. ENJOY! And always look for more
