A Post Planet of the Apes Psychedelic Funk Journey that rocks and hip-hops, fool. 11 MP3 Songs ROCK: Funk Rock, HIP HOP/RAP: Alternative Hip Hop Details: Rod Jonson is on the ONE. He's a primal monkey man on the prowl. No, He's just a chimp searching for (a) tail, or at least locate Ms. Right in an effort to "make mo'." Los Angeles-based MO'CHI "lets him get his message through" by channeling his desires to merge with the Tantric Alien Obblesque into musical form. Uh, you really need to listen a couple times to get the storyline. Yeah, WARNING: Concept Album Contained Herein. The members of MO'CHI tend to think their debut cd is a metaphor for the upcoming elections and Dubya's connection to the Illuminati. Buy T.O.R.J to get even more confused. Despite this, The spirit of Lu-Fuki, Ki-Kongo Kooki(Funky Groove)is everpresent as MO'CHI twist their way through musical styles from dub reggae to Zappa-esque rock, ambient hip-hop, and Phishy eerie/feelgoodness. Yes, Join Us. We want the reality show and the weight-lifting kit. We want microchips to track our fans and time-release germination tablets, so that in 2012 we takes 'em to space! Or some sort of Holy Unified Sacred Place. (Sorry, still channeling the ape). All centered around the spiritual awakening of One Chimp: Rod Jonson. His Religion: MO'CHI.
