"Stop sending your website visitors to someone else's website. Make full commission rotating your affiliate ads instead of pennies using PPCs." "Sick And Tired Of Making Pennies For Handing Your Visitors Over To Your Competition?" Rotate Any Ads That Can Make You Money While Keeping Your Visitors Introducing... Dear Website Owner, I have some very exciting news for you. Now you can easily put links to any affiliate programs you want on your web pages. You decide what ads are displayed on your websites. I'm sure you have seen those AdSense ads on many websites, heck you probably have them on your own site right now. If you do, then you know that the ads shown are matched to the content of your site. That means the ads on your site could be competing with you for the same customer! If

someone clicks on one of the AdSense links, your site disappears and that visitor could be lost forever. How much are you making to send your potential customers away to your competition? A few cents maybe? Take Back Control Of Your Content Wouldn't it be great if you could have full control of the ads displayed on your website? Well, now you can. Put yourself in the driver's seat when it comes to choosing the ads you display, its your website after all. By using Ads-Rotator you will experience many advantages over other pay per click search engine feeds. See a sample list below. Ads-Rotator Advantages You decide what ads you want displayed Display any affiliate ads you want Show ads that could give you big commissions Have all the links open in a new window All ad links are cloaked Choose the look and feel of the ads Easy to use admin interface to edit, add or delete your ads Easily see the number of impressions for all your ads Easily see the click through rate of all your ads Add your own images in all your ads! Ads-Rotator is a simple to use website script. You just upload it to your website once and then all management of your ads is done through a user friendly web based administration section.
