

# Integral Representation Theory

[DOWNLOAD HERE](#)

"Incorporating many original results of the authors, the book is addressed both to students who can find a clear and thorough presentation of the basics of the integral theory, as well as for the advanced readers who find a substantial amount of recent results, appearing for the first time in book form."S. Cobzas in:

Studia Universitatis Babes-Bolyai LV/2010 EAN/ISBN : 9783110203219 Publisher(s): De Gruyter
