Hot jazz and swing ala Benny Goodman. 14 MP3 Songs JAZZ: Swing/Big Band, JAZZ: Big Band Details: Any time of day or night, After Midnight is your source for the best in hot Swing and Jazz. This is Colorado's hottest swingtet modeled after Benny Goodman's popular small band sounds of the 1930s, 40s, and 50s. These professional musicians have performed around the world for everything from small clubs to stage shows. With a simple instrumentation of Clarinet, Vibraphone, Vocals, Bass, Guitar, Drums, and Piano, this small group is uniquely exciting. Whether you like danceable music from the Great Swing Era or contemporary jazz standards, you will love their music! "Beginning to See the Light" features vocalist Rekha Ohal on 8 tracks including her original, "Rekhazilla"! She has a fabulous voice reminiscent of Billy Holiday, Nora Jones, and Diana Krall. The CD swings hard with lots of dance standards and Benny Goodman hits. Clarinet star Roger Campbell is featured throughout the CD as is Downbeat award winning vibraphonist Greg Harris. Pianist Justin Adams rips through the Hammond B3 Organ on "You and the Night and the Music" and the title track "I'm Beginning to See the Light". You'll love "Gregarious", an original tune written by Larry Meeks (Benny's rehearsal pianist) for our very own Greg Harris. Our rendition of "Good-bye" is a stirring tribute to Benny and his hit 1935 radio show Let's Dance. Breathing fresh life into the Goodman sound, this CD is a must have for any jazz and swing lover!
