Deep atmospheric vocals supported by hypnotic keyboards, piano, guitar and today's electronic sound. Create a mesmerizing musical canvas of soundscapes. 10 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Healing Details: In a genre such as Ambient music, which is inundated with instrumentals of all shapes and styles. San Francisco Bay Area based Colette Phil intend to expand the boundaries of this medium. With the release of their CD "Ancient Ancestors" on their own label Mysterysong, they just might. Using otherworldly voicings as a focal point, both explore new Sci-Fi like musicscapes. Combining smooth sensuous vocals, space age guitar, piano and mesmerizing sounds of today's ambient scene, Colette Phil have created music, that is both haunting and hypnotic yet at the same time, melodic and beautiful. Deep "Spiritual" imagery molds itself into these pieces. A spark of remembrance perhaps, a "Calling" "Awakening" or "Initiation", all are descriptions of the emotions you will feel as you peek behind the "Veil" and allow yourself to slip into this dimension of sound and bliss. Be careful! If you fall you may not want to return.
