

Mp3 Dan Pound - Night Watch

[DOWNLOAD HERE](#)

Pure shamanic, deep zone space music. 12 MP3 Songs in this album (70:56) ! Related styles: NEW AGE: Shamanic, NEW AGE: Space People who are interested in Steve Roach Brian Eno Vidna Obmana should consider this download. Details: Pure tribal/shamanic ambient space music. Perfect for late night star gazing and fire stirring tendencies, this music is made for inner transformation and mind expansion. Atmospheres of deep crevasses and flowing oceanic sound worlds take the listener on a personal imaginary spiritual journey of other worldly proportions. Lifting and lilting and even sometimes dark and penetrating, this set of searing, ambient textures is the perfect meditation for today's tension filled world. Shamanic, ethnic percussion and instruments meet with space synth atmospheres and sequential pulses and beats. Instruments include: Didgeridoo, Native American Lakota Flute, Tibetan singing bowls, frame drums, shakers and rain sticks and other assorted ethnic percussion, electric guitar, digital and analog synths, samplers, processing, shamanic vocals and field recordings of crickets, birds, and other natural ambiances. Similar to Steve Roach and Vidna Ombana. See Dans other albums on his website: danpound.com *DAN POUND* Dan Pound composes and produces ambient electronic, new age, world/shamanic, space-music soundscapes. Dan was classically trained on piano, guitar and double bass at an early age and started writing songs soon after. He went on to be in the local honor orchestra and was soon writing pieces for the entire ensemble. Besides performing and composing, Dan has earned degrees in recording engineering and electronic music technology, and has received credits as 1st engineer and mixer for an indie jazz release, Crusin Some Grooves by the Steve Wolfe Quartet. Over the last several years, Dan has developed a home project studio where he does most of his work now recording and producing his music independently. He specializes in music for film and multi-media, as well as recording and producing his own CDs on his newly developed label, Pound Sounds. Dan has

earned numerous top 10 positions in various categories on Broadjam's top 10 lists, and many of his pieces have been included in monthly top charts for the FM ambient radio programs, Secret Music, Stars End, and Morning Fog among others. Dans Cd, Solar Nexus, was named one of the top ten Cds reviewed in 2006 on the ambient music review webzine, Melliflua. Other professional credits include: Greenpeace Organization: music used for the documentary, Changes in Climate, Changes in Lives. MTV.com: music used for episode, Shakira; Dirty Little Secrets. Random Productions: music used for the film, Living Proof. Monkey House Productions: core music used for documentary, Southern Fried Bigfoot. Image Maker Advertising Inc.: music used for internet online sales promotions. Q.O.C productions: music used for internet website promotions.
