Harmonic Wave Style, is the next generation in positive thinking Dance Techno Rave Music, this music is good in clubs, and at home listening, when energy and positive thinking is needed, it will take you away like a good book. 9 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Trance Details: Dark Arch Angel, Dark = reflects the thoughts for a better world! This great world of ours that is in great need for a new spiritual leader, this spirit must have walked in the valley of the shadows of the mind, to understand what needs to change. Arch Angel = A Spiritual leader that is in touch with all that is! Dark Arch Angel Started his musical journey by studying music under the strict codes of the industry, then branched out into his own style of musical creations, with influences of Techno, R&B, New Age, but mostly Club rhythmic Dance music, with all the technology available. Music and style, reflects his thoughts of changes for a better world, a world of Love peace and harmony. This can only be achieved with creativity, and courage. Courage is what it took to move away from conventionality, and sit down and let the flow of creativity Stream unaltered by influences of the execs within the industry, who demand proven formulas VS creativity at all costs in hopes of proven profit formulas. Compositions on this CD follow the rhythmic laws that entertain us, but is not dictated or influenced by industry standards. Basic philosophy of Harmonic Wave Music. In Hope of creating a Harmonic Wave, through the planet to unite us all, to see each other as one. We are not labeled to be of this country of this religion, we are One with all that is, there is no separation. We say the planet needs to see things differently to make it through to the next steps in our evolution. The view is universal, not planetary, not Country, or religious affiliation, but one with the universe. All For One And One For All! Lets be the Harmonic Generation, Feel the wave coming its the start! Love and Harmony
