Middle-of-the-road Country Music. A CD of demos sung by friends of the songwriter to showcase original songs. We welcome your comments. 10 MP3 Songs COUNTRY: Traditional Country, EASY LISTENING: Love Songs Details: Eddie K Lively is a songwriter from Colorado who creates songs that explore the meaning of life and the sometimes fickle and suspicious nature of romantic relationships. The flagship song on this CD is "Changing of the Seasons" ( a #1 country song in Canada in 1968 recorded by Myrna Lorrie ). See the interesting "STORY BEHIND THE SONG" on my website. The version of "Changing of the Seasons" on this CD is from my friend Harrison Carl Beck's album released in Nashville in 1996 while he was performing a long-standing gig at Tootsie's Orchid Lounge in the mid 90's. Unfortunately Harrison was side-lined by a life threatening illness which prevented him from promoting the album. His recovery from partial paralysis is on-going but he is now walking without assistance and hopes to be back performing again soon( Harrison also did the original demo for this song ) Harrison's idol was Marty Robbins and you can hear Marty's influence in his singing. You can read more about Harrison in the "story behind the song" on my web site. "The Epitaph" is a very interesting story about Caribou, one of the great many Colorado Ghost Mining Towns. Caribou is located just below timberline above Nederland, Colorado. You can read the whole story behind this song on the Eddie K Lively website. The other featured artist on this CD is Larry Johnson who really lets it "all hang out" on his version of "Do Your Own Thing" and is featured on three other tracks as well. Larry is truly an electrifying entertainer and performer. His specialty acts were a 50's rock-n'-roll medley followed by an awesome Elvis Presley imitation singing and acting stage performance that you never forgot. People in the Denver and Colorado Springs area will remember Larry from his performances at The Four Seasons Night Club in Aurora and

The Black Stallion Night Club near Ft. Carson in Colorado Springs throughout the 70's.
