Canadian Singer/Songwriter FRAZ (now backed by Frazmosis) challenges the current rock camp, offering a sound that is modern, entertaining and totally unique. 11 MP3 Songs ROCK: Modern Rock, ROCK: Progressive Rock Details: Fraz is a Toronto singer/songwriter with a love for mature, melodic rock pop music, who is now gaining recognition for his own passionate unique sound. This debut CD from the former singer/guitarist of Banana Moon, boasts a brilliantly realized collection of dynamic, well crafted musings that cover many themes and colours, while always offering a deeper appreciation with each listening. Fraz is now backed by his band (Frazmosis) and is currently working on recording new material for release later this year. Frazmosis perform with a loose but well rehearsed approach, allowing for spontaneous outbreaks of extended jamming when the moment strikes, taking Fraz's musical vision to new hieghts. The occasional acoustic solo performances by Fraz are a must-see. More info the web site
