Diverse, modern, acoustic rock that is anything but the same old thing. 15 MP3 Songs ROCK: Acoustic, FOLK: Modern Folk Details: IKE LOGAN writes great songs because he has lived through some extreme situations. These experiences have given Logan great subjects to write about. The song 'Demons' deals with having to square off with a possessed man at a bar that was harassing his wife. 'Shadows' is a cool sultry tune about a beautiful woman walking along a North Carolina beach at sunset. The lyrics to 'Giving In' were taken from a love letter written by Ike's wife Hope. Logan grew up in Virginia, in the heart of the Shanandoah Valley, and his songs speak to the great times in life, as well as the tragic.
