Mostly electric guitar-based singable rock songs with an eclectic lyrical content. Some acoustic guitar tunes and two piano songs: one is a love ballad and the other is an instrumental. 9 MP3 Songs POP: Quirky, ROCK: Classic Rock Details: This is a collection of songs that I copyrighted in 1999. I use guitars-acoustic and electric, bass, drums, vocals, keyboards, and kazoo to create a CD that alternately rocks and emotes. "Take Me" is mystical pop that has polyphony in the last verse, and ends with a Mozart-like keyboard riff. "Our Time" is an acoustic guitar-based song that has a cool acoustic guitar solo. "Rhythm of Her Heart" is a rockin' tune with a few electric guitar solos. "Clifton Falls" is rockin' with a few good riffs. "A.I.L.U." is a piano ballad. "Baby Cademo" is an acoustic guitar-based song that is introduced by my son. It has a kazoo solo, back-up vocals by my wife, and my son announces its ending. "Uncle Willy Nation" is funny political commentary. "It's In the Tree" is an acoustic-based concept piece with a cool horn riff. "You Don't Know (Reprise)" is a piano instrumental that takes on a life of its own. It is long, but satisfying, meandering, but logical.
