Original, Personal, Heartfelt Christian Ballads on Piano/Electric Piano that will touch your soul 12 MP3 Songs GOSPEL: Contemporary Gospel, POP: Piano Details: "Call His Name" is the 3rd CD release for Joseph and Angel, but on this CD, you won't find Angel. In fact, this CD was her idea, and it is markedly different from our first two. Angel asked me to do a CD specifically of piano/electric piano and vocals of songs that have really touched her heart over the years. These songs have a personal message and impact that will touch your heart as well. If you are familiar with our first 2 CD's there are songs on each of those that will begin to give you a flavor for this CD. The song "Your Blood Was Enough" from our first CD "Our Message is Jesus" and the song "Paint a Picture", the title song from our second CD are reflective of what you'll find here. These songs will inspire you and encourage you in your walk as a Christian. There is something here for everyone to relate to, and you will be drawn to call HIS name yourself!
