I wanted to be a country music singer, but God had other plans for my life. There were seven children in our family and from our youth we were taught to love and reverence God.As a teenager, I ran from God's plan for my life, but answered His call at an early age.I have now been in full time gospel ministry for thirty years. Of all the songs I have sung throughout the years, "The Final Altar Call" has touched more lives and has been the most requested.It was written from a true story. My goal in singing gospel songs is to bring a blessing to God's people and turn the lost to Christ. As we record these songs, we strive for good quality sound; but above all, I pray each song will be anointed by the Holy Spirit. To God be the Glory! Larry Cochran
