Staring out the window of public transport with a dash of apathy. 11 MP3 Songs ELECTRONIC: Experimental, ELECTRONIC: Ambient Details: Take too many hours with a computer, too many hours watching movies and way too many hours listening to soundtracks and you get lesssound. The brain-child of Aaron MacInnis, what was once a "side-project" is now becoming an unbound gluten of all available time. Started out to prove how "easy" electronic music is, Aaron has now become obsessed with it and now eats sound bites for nutrients needed to survive. always attention deficit, the sounds are managing to mold into some strange brew. The album, "I am removed moves minus you", is a collection of lesssound songs that have recently piled up and started to gnaw at the insides. Featuring various local Calgary musicians such as Monroe Hunsicker, Devon Elaschuck, Brokenpaws, Stacy Cat and Morgan Greenwood, it's a listening experience meant for the public transport system, served best with a side dish of detachment.
