Embracing the archaic revival, this album combines ancient shamanic sounds of didjeridu and throat signing with contemporary beats and driving percussion. A meditative and sonic journey into the spirit world. 10 MP3 Songs WORLD: World Fusion, NEW AGE: Meditation Details: Infinite Horizons is the musical audio companion to Martin W Ball's (PhD) book, "Mushroom Wisdom: The Shaman's Path to Spirit," by Ronin Publishing (release: November 2006). A profound collection of meditative music, "Infinite Horizons" will transport listeners directly into the world of spirit, magic, and wonder. Didjeridu, throat and overtone signing, Native American flute, acoustic guitars, electronic and acoustic percussion all come together in an ecstatic and spiritual mix. Perfect for meditation, shamanic journeying and relaxation. Several songs feature spoken word and poetry, while others are purely instrumental and yet others combine chanting and throat singing. You've never heard an album like this before! For more information about Mushroom Wisdom, please visit myspace.com/mushroomwisdom.
