The mix consists entirely of original Proswell material selected by Proswell himself, and browses through previous Merck releases Konami (2003) and Carrot Dossier (2004), as well as new unreleased tracks. 21 MP3 Songs ELECTRONIC: Experimental, ELECTRONIC: Down Tempo Details: We are proud to announce Merck Mix #4, a record marking the 5th anniversary of Merck Records. The mix also serves as a celebration of the accomplishments of Proswell. His music knowledge and networking contributions have expanded electronic music in Chicago and around the world in new directions for the past 10 years with online projects such as inpuj.net. This disc all together is a milestone of work in the discography of Proswell and the first artist exclusive mix in the Merck catalog. The mix consists entirely of original Proswell material selected by Proswell himself, and browses through previous Merck releases Konami (2003) and Carrot Dossier (2004), as well as new unreleased tracks. Starting off the CD is a track recorded live at the very first Native Instruments Artist Highlight [NIAH] in Chicago, and it continues from there to delve into dancier remixes and headnod breaks from various points in his catalog.
