This second album by Clevenger The Dairy Kings contains 14 pure pop gems influenced by Nick Lowe, Marshall Crenshaw, Buddy Holly and The Everly Brothers. 14 MP3 Songs POP: Power Pop, ROCK: Roots Rock Details: Walter Clevenger The Dairy Kings absolutely love the weather in Orange County, California...and that's where the love affair ends. With their blend of pop, roots-rock and county, it's clear they are in the minority when compared to all the bands that share the same musical ecosystem. But to be honest, it's a place they don't mind occupying. You won't find this band performing a single song that attempts to fuse punk rap, punk pop or any of the other combinations that typify the OC musical landscape. What you will find is example after example of impeccably crafted songs influenced by gifted artists such as Marshall Crenshaw, Nick Lowe and The Jayhawks. The band's sound has caught the ear of several other OC musicians who share the same musical vision. Rick Shea, one of Dave Alvin's Guilty Men, laid down pedal steel on the band's newest release. Also, Chris Gaffney, an Orange County veteran, recently recorded accordion on several songs for band's next record. The band's second full-length release, Love Songs to Myself, (mastered by Austin mainstay, Jerry Tubb) has been met with an abundance of accolades. Bill Holmes from Pop Culture Press raves, "Clevenger is that perfect cross between American songwriters like Fogerty and Holly and the cream of British pub rock." Walter Clevenger The Dairy Kings continue to gain fans across the country performing with acts such as Joe Ely, Graham Parker, NRBQ, Jim Lauderdale, BR549, The Pernice Brothers and The Blasters. One listen and you'll agree, Walter Clevenger The Dairy Kings are a breath of fresh air to the OC musical landscape...or any other landscape for that matter! The band is: Walter Clevenger (lead vocals, guitar) Steve Bancroft (backing vocals, guitar) Henry Clift (backing vocals, bass) Mike Fernandez (drums)

Wyman Reese (keyboards)
