

Why The Catholic Church Must Change: A Necessary Conversation - Margaret Nutting Ralph

[DOWNLOAD HERE](#)

As contentious debates swirl in the Catholic church about the role of women, abortion, sexuality, and more, author Margaret Nutting Ralph urges readers to see that past church teaching on these issues is not infallible. Contrary to popular belief, church teaching on key issues has evolved in the past, and Ralph makes the case that it should again. Ralph works through some of the most vexing questions in the church today, from homosexuality to contraception, outlining key scriptural references for each issue, exploring the history of church teaching, then looking for ways these teachings might evolve.
