Rights Special Bonus - Your Body Is Your Temple What is a healthy diet? Its not about counting calories, measuring portions or cutting carbs. You wont really find a healthy diet on the lite menu at your favourite restaurant and you certainly wont find it at the local fast food joint. A healthy diet is all about what you eat rather than how much you eat. If you think the latest fad diet is your panacea to health, you are in for a big surprise. Losing weight, staying healthy and getting back into shape after many years of diet neglect is not about fads or eating in some radical new way for six to twelve weeks and then going back to the way you used to eat.
