

A New Kind Of Conservative - Dr. Joel C Hunter

Conservative spokesman, author and pastor Dr. Joel C. Hunter forges a new path with A New Kind of Conservative. Hunter takes a provocative look at how faith and politics have interacted in America, giving civic-minded people a balanced and biblically-based approach to political involvement. The author speaks as a conservative Christian with traditional biblical stands regarding abortion and homosexuality, but expands it to include other biblical concerns, such as the environment, poverty, justice issues, AIDS, etc. This is not the ideology and rhetoric associated with the extreme religious right, but rather a broader look at politics that the Bible would have us address. Hunter shows how religion and politics do not have to be at odds with one another, and offers the information and motivation needed to take responsible action. Can a Christian/biblical world view effectively mesh with postmodern society and secular government? Should Christians be involved in political action and, if so, how? How can Christians more effectively relate and present their faith in the context of contemporary and political society? Readers, regardless of their beliefs, will find this thoughtful, helpful and compelling reading.
