Details: About 5 Star Generals: We officially became a group in summer Of 2008. Baserox (aka Base) and Ruckole (aka Ruck) flew out to Philly to visit me, King Kosh. I had been living in Philly for about four years and had been trying to get my patnas (friends) to visit me throughout my entire stay on the east coast. In the summer of 2008 my family and I decided to move back to Oakland, CA. I threw a Going back to Cali party and these fools (Baserox Ruckole)finally came to see me. The night they arrived I had a bottle of Skyy Vodka, Ruck pulled out a box of swishers that had pre-rolled purple blunts- and we got on. Straight to the lab and we dropped our first track, Fever for a bunny. Then we recorded Slap Nasty. To sum it all up we had a great time in Philly; partying and recording slappers. A few days after they returned to Da Town (Oakland), I called Ruck up and said what you think bout me you and Base forming a group? He was with it instantly. He called Base up and fasho you know Base was with it. And so there you have it 5 Star Generals in yo FACE! Our sound is very different from the Bay Area hyphy movement sound. Besides being rap artist we all have different business ventures that we are pursuing such as: fashion/jewelry design, film, youth development, artist development etc The Lion KingKosh speaks: Koshen, born in Belize, raised in east Oakland by a single mother with three brothers and a sister. Ive been involved with hip-hop for 15 years. Hip-Hop to me is like that chic name Sunshine in Eddie Murphys movie Harlem Nights. She got my ass whipped, sprung and caught up the panties. I just cant shake this bitch for nothin. Im so into her that when ever things dont

work out in what ever group Im in, I always find another project to start. Rap groups Ive been in include: Syrkal of Souls - Mind, Body Soul - Famlee Tiez and now 5 Star Generals. Ive completed and release a couple solo projects as well. I met Baserox and Rockole in Jr. High School (Calvin Simmons). Ruck, Base and I have known each other for about 15 years. I was in a rap group with Ruckole another homie name Rebel Musik through middle school, high school and most of our adult lives. Baserox always hung around us writing rhymes, hustling and tagging. Ruck and I been running together tuff in this rap shit. He drifted off a couple times back to the street life but he always seem to come right back to her (Hip-Hop). See, we share the same girl with the rest of the world! Ruck, Base and I are all apart of a crew called Da Syrk! We were compared to the Wu-Tang Clan back in the days. Ive always been the leader/organizer/motivator in every group Ive ever been in. My style is influenced by Caribbean music hip-hop music. Im a Gemini so its very natural for me to switch from conscious music to some raw street shit. I love working with the youth, giving back and motivating them. We created a workshop called Hip-Hop 101 to teach youth about hip-hop history and the entertainment business. Weve taught this curriculum to schools and after school programs from east Oakland to west Philly. Ruckafella Cole NthaFlesh spits on you: Tha Ruck, alias-Ruckafella Cole NthaFlesh! Oakland native, son of a single mother, 2 brothers 1 sister Been rappin for 15 years and Im still waiting for my break. I over paid my dues! I feel dues owe me back pay, all 15 years worth. In 1993 I first formed a group call Syrkal of Souls aka Da Syrk! It was Kosh, Rebel Musik, and me, Tha Ruck! For many years we rocked shows, battled crews and circulated mix tapes around the Town. Our crew grew bigger because a lot of other young starving MCs latched on to us. We embraced all of them and encouraged them to keep rappin and leave the street life alone. Eventually word got around and groups solo artist from all over the Town wanted to be apart of Da Syrk! We always kept a unique sound and brought many styles to the table. But see thats old news now and this here is 5 Star Generals! And our music is whopping heads! Sounding like something that hasnt come outta Da Town/Bay!!! Baserox laces you up: I baSeRox, stem from baSek which is my feeling about everything, Its so easy to do. Its all basic. Just like life, its what you make it, you get out what you put in it. I represent the opposite of simple and it comes out in my craft. Born and raised in Oakland Cali beast Oakland to be exact. The first born last, my mothers only one. I been brewing for years I started in the streets hustling at a young age but lost so many peers through the hate of many men, so I felt that it had to be another way. I found my way in music the arts. I had been a part of The Whut project a rap group that started out as

friends just having fun. Which was originated from the outer Syrkal of Souls but was force to depart due to dislikes in music. So there I stood alone, and going hard on features here and there just wasnt enough because I strive for success at everything I do. So I ask myself, what do it take to be number one? So I fell in formation with a group of elite talented craftsmen. So here we stand as The 5star Generals.
