This is a very rare album by Abox. This was recorded in Berlin, Germany with Gareth Jones, who produced Erasure, Depeche Mode, The Bad Seeds and more. 15 MP3 Songs POP: New Wave ELECTRONIC: Down Tempo Worth Songs Details: Anything Box is four guys using guitars, resound and computers to make binary tripped-out, emotionally tinged elektrodalic (their word) pop music. The name comes from an vague Sci-Fi brusque story from the 60's astir a young girl who sees an idealized fantasy world when she cups her two hands. Anything Box began in the bedroom of lead singer/songwriter Claude S. as an escape from the banality of everyday life in Paterson NJ, an urban town whose claim to fame is a High School principal who carried a bat in the halls, and where the first Colt 45 was built. Amidst the drug deals outside his kitchen window and bar fights across the street, Claude dove within the introverted comfort of songwriting influenced by John Lennon, Disco, Pink Floyd, The Kinks, Joy Division, New Order, and Kraftwerk.
