Safety and security are the trademarks of an adequate traditional marriage. The Gleasons see a better option. An Exceptional Marriage creates both space and opportunity for partners to come truly and vitally alive. Such a relationship involves a radical commitment to see and support each others truth and greatness. In their expanded vision of a committed relationship, the Gleasons encourage and invite couples to claim their human potential by unlocking their full range of deep and transformative emotions. In most marriages, these crucial emotions are avoided, preventing couples from exploring the sensitive areas where the greatest potential for growth, joy, and fulfillment exist. According to the Gleasons, a relationship is a vibrant, living experience that allows couples to move between their basic needs for security and connection and their impulses toward adventure and creativity. By letting go of their control patterns, partners increase their capacity for exceptional intimacy, exceptional sex, and a relationship that never stops growing. Going All The Way is a clear roadmap for couples who wish to utilize their full range of human expression to create a truly Exceptional Marriage. This is a 4-CD set.
