an eclectic collection of melodic ambient/trance electronic music. 10 MP3 Songs ELECTRONIC: Trance, ELECTRONIC: Ambient Details: Brothers Price Music (BPM) is the collaborative effort of Adam and Jason Price to produce music that moves and inspires. Adam and Jason played together for the first time as teenagers when they started a rock band together. Now, many years later they are collaborating again to produce and record original music. Adam and Jason bring to their music very diverse musical backgrounds and experience. Jason has been a drummer since he was old enough to bang on things. Adam is a classically trained Saxophone player who has gone on to teach himself keyboards, mandolin, guitar and bass. Between them, their musical tastes and influences run the gamut of classical and modern music. BPM's debut album, En-Trance, is an eclectic collection of melodic electronic music. Their music can also be heard on the MGM/UA DVD release The Adventures of Buckaroo Banzai: Across the 8th Dimension (Special Edition).
