

Mp3 Dick Weissman Solo - Folk: Modern Folk

[DOWNLOAD HERE](#)

Folk-based instrumental music for banjo or guitar with jazz and world music influences. 15 MP3 Songs

FOLK: Modern Folk, JAZZ: Weird Jazz Details: Dick Weissman was a member of the legendary folk-pop group the Journeymen, with Scott McKenzie and John Phillips. Over the years he has developed a reputation, as a "respected and original" banjo and guitar player, to quote Portland's Willamette Week. The Solo album is the first album on which he plays all the parts without additional musicians. There are 11 banjo pieces, 3 guitar pieces, and 1 tune for 12 string guitar. Scott McKenzie says "I always loved your banjo playing, but I was amazed at the wide range of your guitar work." The tunes are all original compositions, and vary between roots-based music, and humorous takes on bluegrass and even flamenco music. The 12 string guitar piece uses an unusual tuning, and some of the strings are played individually, not as pairs.
