EscapeGet away"Steel Away" Signature sounds of SW Floridasun, sand, and sea. 12 MP3 Songs
WORLD: Island, EASY LISTENING: Background Music Show all album songs: Steel Away! Songs
Details: Steel Away! is a tribute to some of the finest steel drum performers to live and work around Naples, Florida, including Sir George Richards, Mark Pettey, and Kenneth Charles, brother of Trinidadian steel pan star Rudolph the Hammer Charles. JRobert simply wishes to share his passion for this relatively new and popular musical instrument. Steel Away! is a combination of JRoberts musical insights into the Florida way of life. It's a perfect enhancement to a day in paradise. For me Steel Away! represents Florida and the Ten Thousand Islands. Its all about an easy lifestyle, says J.Robert. The CD has been exclusively created and produced in Southwest Florida at Mangrove Music on Marco Island for people who love steel drum music. Bahamian Frank Carroll played authentic rake'n'scrape guitar. Reggae Ambassador has worked closely with Bob Marley, recorded with the Wailers, and has toured many years internationally. Jamaica Dave Walker was born and raised in Jamaica before coming to Florida. Dave has recorded two projects with JRobert. Even Steven Gomes, the smoothest drummer to stir out of the Everglades and his metronome proves it. Little Mama Janet Poole, a former Miss Collier County, Americas Miss Charm, and Swamp Buggy Festival talent contest winner now mother of three, features her vocals on Steel Away! Steinberger bassist Alex Lex Antonelli (as in Lex Luthor-Supermans arch enemyewww!) is a actually the most mellow guy to ever record at Mangrove Music studio. John Chainsaw Burgess added djembe like a delicate herb to the blend. I believe he still has relatives in Texas. "Tony P" Pastrana has played latin percussion with such greats as Tito Puente, Charlie Palmieri, Joe Quijano, and Pancho Sanchez, just to name a few. He's Tito's happy little shadow. DL Turner helped produce, mix, and sweeten the tracks of Steel Away! with his celestial harp. Steel Away! is a serious focus on steel drum instrumentals which

capture JRoberts signature sound known as Florida fusion. Florida fusion has blended classic calypso, Beatles, Cat Stevens and fun retro pop tunes. Steel Away! has a polished tropical jazz, world rhythm resonance laced with the tones of Latin percussion, authentic rakenscape guitar, and reggae bubble organ. Steel Away! provides a sincerely joyful celebration of Floridas sun, sand and sea.
